

Stylish on the Outside. **Smart on the Inside.**
Introducing a new era in CPAP therapy.

The F&P ICON™ is a quiet, comfortable, visually appealing system, designed to enhance patient acceptance of CPAP therapy.

With stylish looks and smart technologies, you can feel at ease knowing you are being taken care of by a full range of the world's leading clinical technologies for treating Sleep Apnea. The F&P ICON™ also includes a digital clock, alarm and music-playing ability to complement your CPAP therapy as well as your everyday life.

For more information on the F&P ICON™ please contact your local Fisher & Paykel Healthcare representative.
